Abuja, Nigeria | +2349069092768

abanielemmercyugonna@gmail.com

SUMMARY

- Creative and detail-oriented UI/UX Designer with a strong focus on delivering user-centered digital experiences.
- Skilled in wireframing, prototyping, and creating intuitive interfaces using tools like Figma.
- Experienced in conducting user research and usability testing to inform design decisions and enhance user satisfaction.
- Passionate about blending aesthetic design with functionality to create seamless and engaging digital interactions.

WORK EXPERIENCE

UI/UX Designer

April 2022- December 2023

Odd Network

Remote

- Designed and optimized the company website, ensuring a seamless and user-friendly experience across devices.
- Collaborated with stakeholders to gather requirements, develop wireframes, and create highfidelity prototypes using Figma.
- Conducted user testing and feedback sessions, implementing data-driven design improvements that increased user engagement by 20%.
- Focused on creating accessible, visually appealing, and intuitive interfaces aligned with brand identity and user needs.
- Maintained accurate and up-to-date customer records, ensuring efficient problem-solving and seamless service delivery.

Trainee – Python and UI/UX Programming

2023-2024

National Information Technology Development Agency (NITDA)

- Participated in an intensive Python and UI/UX programming course as part of the National Youth Service Corps (NYSC).
- Gained hands-on experience in designing user-centric digital interfaces and building functional prototypes.
- Enhanced programming skills by developing interactive applications and integrating UX principles.
- Collaborated with peers on projects, applying industry best practices to create intuitive and visually compelling designs.
